## MACHINE TOOLS SHOW

19-20-21-22 February 2009, Pune

Organised by:

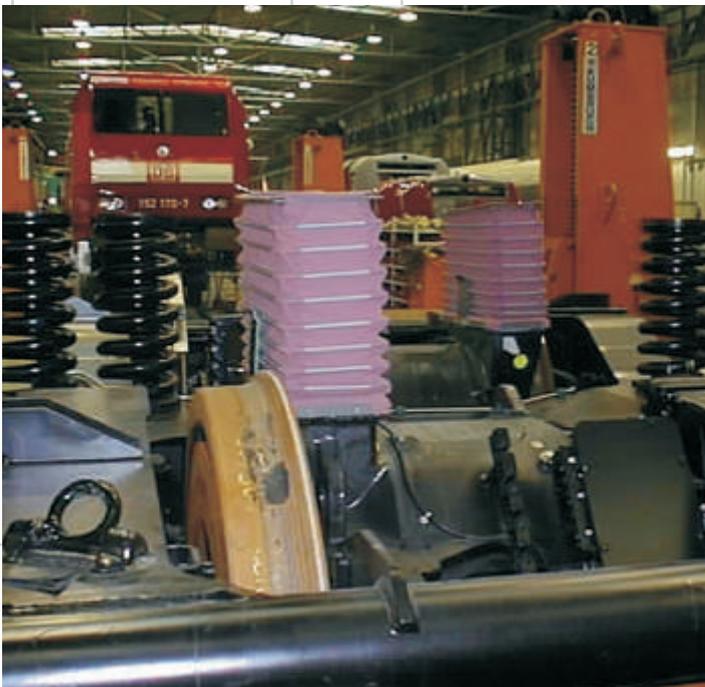

## The name spells **success!**

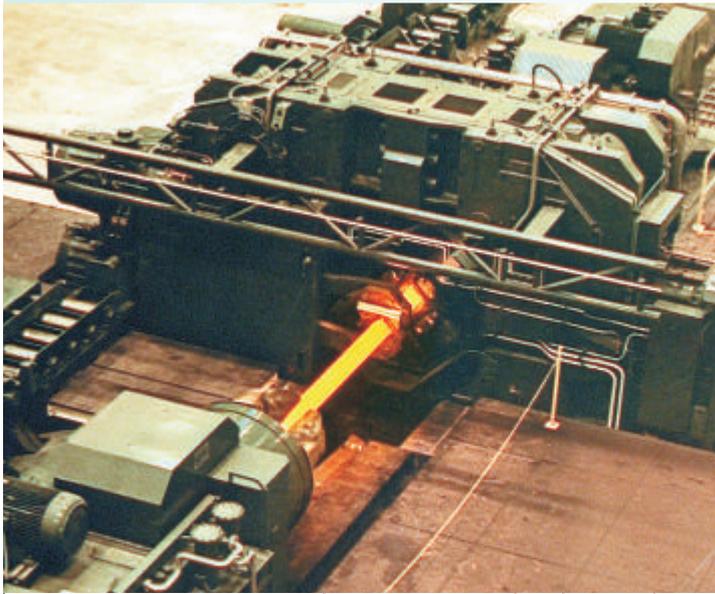

Behind RAJKOT MACHINE TOOLS SHOW 2008 is  
**KMG BUSINESS TECHNOLOGY**

The leading industrial exhibition organizing company in India

With a global vision and micro-level international networking. The company is better known for **ENGIMACH**, one of the most coveted and eagerly participated industrial exhibitions in India and overseas. Soon the scope of **ENGIMACH** will turn it from a pan-Asian to a pan-European event. Eventually, translating into a truly global experience!

KMG Business Technology is a force to reckon with among Machinery, Machine Tools and Cutting Tools industry, Electronic, Instrumentation and Automation Technology, Material Handling and Earthmoving equipments, Welding and Welding Consumable, Pharma and Chemical, Printing and Packaging, Newly Launched and Specialized products companies. Through a worldwide networking, preemptive planning and execution, intelligent space management and meticulous control of macro as well as micro level logistics, the group ensures that everyone gains from its exhibition quantitatively as well as qualitative. After all, the company has the experience, expertise and requisite bandwidth that spell success.

# PUNE MACHINE TOOLS SHOW

## Event Scheduler

PUNE MACHINE TOOLS SHOW, is an exclusive showcase of engineering, machine tools, automation & automotive technology. It has covered over 2,50,000 sq. ft. exhibition area and also will have a participation over more than 500 companies from all over India. Pune Machine Tools Show, an endeavor designed to present the entire spectrum of developments in the machine tools sector. Its an opportunity to achieve quality conversation with existing and potential customers by establishing new contacts and strengthening your existing ones.

**Pune**, a city which is located in the state of Maharashtra in western India. With a population of four and a half million people, it is the eighth largest city of India. It is located at the confluence of Mula and Mutha rivers. You will find that transportation, including air, rail, and road is available from Pune to the other major cities in India.

Pune is known as "Oxford of the East," because it has several well known colleges. This city is a major industrial center, growing rapidly by the year. It is known as the "automobile city," because it contains several different automobile manufacturers. Tata motors, manufacturer of India's largest passenger car and commercial vehicle, is located in the suburbs of Pune. Daimler Chrysler also has an assembly line for its Mercedes Benz in Pune. Of course, the manufacturers in Pune are not limited to automobiles but also witnesses major Engineering units.
